

PICKLEBALL UPDATE

04 January 2022

Since the publication of the January Pine Lakes and Lake Fairways January newsletter, your pickleball executive have implemented a sign up process for those wanting to play. This is to facilitate smooth transitions for play and to reduce wait times for courts especially during the high demand morning times. Please check the information board at the pickleball courts and sign up for the times you want play. The sign up sheets will be posted each Sunday for the following week. If you sign up and later realize you are unable to play, please remove your name so that others will have a chance to play at that time. There are also court reservation sheets for non scheduled times and these are also kept on the information board. When you have completed your court reservation, place it on the board with a magnet provided.
