

Pine Lakes
Country Club

Hot tub - Wednesday, 20th March 2024

From Manager Kevin Karau:

I wanted to keep you updated on the issues with the Hot Tub. Known leaks have been repaired, and it was discovered another issue involved which must be scheduled for leak detection and coordinated with the pool maintenance company.

Therefore the Hot Tub will not be functional for a bit longer. We know this is frustrating for our Pine Lakes residents. Our Property Manager, Kevin Karau is monitoring the situation very closely and will advise me of the status of the Hot Tub and I will convey the message to you.

“Thank you for your patience and understanding.”

Gary Nicolini, HOAII President
