- 1 Players are responsible for scheduling their play time and are limited to one time slot per day unless there are 'no shows' or available time slots at the beginning of the scheduled play time.
- 2 A new (blank) schedule will be posted on the message board on Sunday one week prior to the week of play.
- 3 This schedule has been developed to get the maximum amount of play time for our players during the prime morning hours. Please respect our efforts to manage our limited court resource:
  - \*If you have scheduled yourself to play, please show up on time. If a conflict arises, make a good effort to remove yourself from the schedule so that someone else has an opportunity to play.
  - \*If you have not scheduled yourself to play, please understand if scheduled players are not open to rotating you into their play time.
- 4 When the scheduled play time ends, players should leave the court (even if it means a game is not finished).
- 5 There are additional 'Open' play times available for court reservations.

\* **SCHEDULED PLAY:** Scheduled play time is intended for intermediate and advanced players. Beginner players should consult with Coach Jay to assess when they are ready to start playing at this level. Beginners are also welcome to play during any Open Play - All Levels time slots. Scheduled play is not intended to be 'competitive' play. Players wishing to play competitively should use the Open Play / Court Reservation time slots.

\* **COURT RESERVATION:** If an individual or group of players wants to 'reserve' the court(s) for a specific day/time, it is their responsibility to post a notice on the court(s) in advance of the day/time. Notice should include a contact name and phone number, date & time of the reservation and should be posted on the white board. Notices should be removed upon completion of the reservation time. Reservation forms are available at the message board.
